

WISE CHOICES PREGNANCY RESOURCE CENTER  
STATEMENT OF BELIEF

**Statement of Belief**

Our Beliefs:

1. The Child
  - The Bible clearly teaches the humanity, personhood, intrinsic value, and divine creation of the unborn child, beginning at least at conception.
  - Abortion is never acceptable in any circumstance. Treatment of an ectopic pregnancy is not considered abortion.
  - Aborted children are in the presence of our Lord Jesus Christ.
  
2. The Pregnant Woman
  - She is a person for whom Christ died; therefore, she deserves the Christian's acceptance, love and care.
  - She is accountable to God for her choices about pregnancy, her unborn child, her own life, and her response to God.
  
3. The Post-abortive Woman/Man
  - She/he committed a sin no greater or no less than other sins outlined in the Bible.
  - The consequences of the sin of abortion leave a grave aftermath that must be dealt with as well as repentance of the sin itself.
  
4. The Christian
  - Each Christian has a divine obligation to protect the unborn child and to promote the sanctity of human life.
  - For the Christian, to fail to try to protect the life of the unborn child is a sin.
  - A Christian is called to minister through the church to the pregnant woman and her child.

I agree with all of the above:
